### Methodology

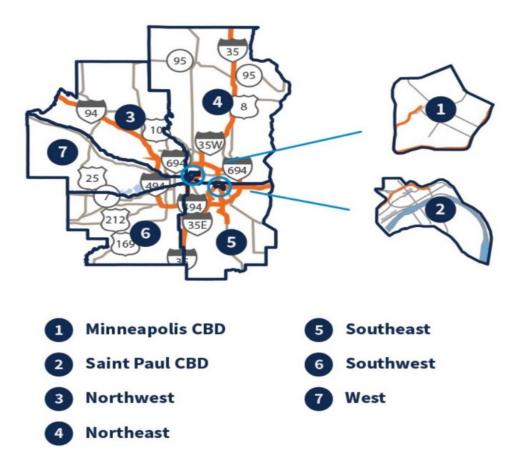

The Mpls-St Paul market consists of multi-tenant and single tenant retail buildings 15,000 sf or larger or are part of a complex larger than 15,000 sf. The geographic area includes Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington counties. The tracked set does include mixed use properties with more than 15,000 sf of retail space. All tracked properties are existing. Statistically, net absorption will be calculated based on occupancy change during the current quarter. Asking lease rates are based on an average asking rate and noted on NNN terms.

The MpIs-St Paul tracked set consists of an inventory of buildings considered to be competitive by the brokerage community. All buildings within the competitive tracked set have been reviewed and verified by members of the Advisory Boards for each market area.

### Terminology

| Inventory            | The total square feet (sf) of existing multi-tenant and single tenant buildings greater than 15,000 sf or are part of a complex that totals greater than 15,000 sf located in Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington Counties.   |
|----------------------|---|
| Total Available (sf) | All of the available leasable space within a building, whether it is occupied or vacant, for direct lease or sublease space. Space can be available but not vacant, for example, if the landlord, or his agent, is marketing space that will be coming available at a future date because a tenant is planning to move. |
| Total Vacant (sf)    | The total of all the vacant square feet within a building including both direct and sublease space.   |
| Direct Vacant (sf)   | The total of the vacant square footage in a building that is being marketed by an agent repre-<br>senting the landlord.   |
| Sublease Space       | Space that is offered for lease by a current tenant, or his agent, within a property. Whether the tenant is paying rent or not, the space is considered vacant only if it is unoccupied.  |
| Net Absorption       | The net change in occupancy from quarter to quarter, expressed in square feet.  |
| Average Asking Rate  | The average lease rated expressed as a per square foot value in NNN terms.  |
| Community Specialty  | Multi-tenant properties between 100,000-400,000 sf  |
| Freestanding/Big Box | Single tenant properties  |
| Mixed Use            | Properties with retail and other uses like office and/or multi-family   |
| Neighborhood Center  | Multi-tenant properties between 30,000-100,000 sf   |
| Regional             | Multi-tenant properties over 400,000 sf   |
| Strip Center         | Multi-tenant properties less than 30,000 sf   |
